SUPER NORWEST WINS

Super Norwest was back to her best with one of her best wins of her career.

On paper she looked plain her last few runs but we always felt that she was running well not beaten far, Coriah rode her fantastic and her run in the Barn Dance was just an unlucky run.

Hidden Motive

5/10 Warwick Farm 1000m BM100 - 2nd

Hidden Motive was second up today, jumped well travelled great and showed his true form with a great second in a tough race.

Hay Deer

6/10 Goulburn 1200m Maiden - 1st

Hay Deer had her first career start today off a $600 purchase, with 60kph head winds up the straight it was a super performance to win the way she did.

Perini Miss

6/10 Newcastle 1500m Maiden - 1st

Perini Miss second up today after a good first up run, ridden and rated beautifully she won and won well a great training performance.

Super Norwest

7/10 Kensington 1250 BM78 - 1st

Super Norwest second up today and wow wasn't she good, one her best wins of her career and a great ride by Coriah.

Inspiritu

8/10 Orange 1400m Maiden - 2nd

Inspiritu first up today, jumped well and travelled great we were just beaten by a horse that was third up and carrying 4kg less unfortunately.

Poetic Belle

9/10 Sunshine Coast 1000m Maiden - 2nd

Poetic Belle second up today after a solid first up run, jumped great and travelled just still a little bit keen throughout which hurt her late. She was quite soft that last 50m but a lot better than her first up run.

Costalivin

10/10 Rosehill 1500m Class 3 - 7th

Costalivin had her first start in town and she handled her self really well not beaten far at all. We had to lead which wasn't the plan and still very raw and new to everything.

Snap Decision

10/10 Albury 1600m BM66 - 6th

Snap Decision jumped average once again and landed a pair further back than we wanted, he travelled okay, got help up at the 500m mark and was only fair late. His a quirky horse this one.

Hidden Motive

17/10 Caulfield 1000m G2 - 9th

Hidden Motive missed the kick badly today and from there it was race over, I would say he will come home and we will geld him now as his manners were not up to scratch.

So You Pence

17/10 Royal Randwick 1200m Kosi - 3rd

So You Pence jumped well and travelled great throughout just from that gate with the track drying out ended up being quite the disadvantage, she went absolutely terrific and very proud of her.

Bombay Boom

17/10 Wagga 1000m BM66 - 3rd

Bombay Boom was a little slow away today with the blinkers on for the first time, Brodie was intent to lead and with the big weight he carried today he went terrific.

Snap Decision

18/10 Nowra 1600m BM58 - 3rd

Snap Decision jumped slow again but travelled nice in a decent enough spot. When the cutaway appeared he shot through but just got ran down late but horses carrying 7kg plus less weight.

Queen's Rhapsody

24/10 Kembla Grange 1000m BM64 - 2nd

Queen was first up today, we knew it would be short of her best but it was a good kick off point, she ran terrific and ran some nice times.

Inspiritu

30/10 Wagga 1400m Maiden - 4th

Inspiritu was second up today after a solid first up run, she jumped terrificand unfortunately was snagged back to a position that wasn't needed. She still ran terrific beaten 1L and probably should have won today.

Hay Deer

30/10 Wagga 1200m Class 1 - 1st

Hay Deer was second up today after a great first up career win and wow didn't she back it up again. She jumped well travelled super and was just way too tough for her opposition. She will now head for a break.

Perini Miss

31/10 Newcastle 1600M Class 1 - 3rd

Perini Miss third up today in what was a competitive little Class 1 at Newcastle, she jumped well and travelled great if JVO had his time over again he probably would have injected more tempo in the run but all in all she ran terrific.
